Looks great, good to have a plan of action.

Subject: Coutts Incident Response Guidelines

This has been an interesting few weeks to say the least. I don't know if we will ever have another incident of this magnitude, but I think it is important for us to talk about having a general plan or set of guidelines that we can start with. Just to help us be better prepared for a possible incident. It could be another blockade or a train derailment or a criminal incident, who knows. I just think that if we have an agreed upon starting point, it will help us all.

It's not meant to be a criticism of any kind of what has occurred but a way to move forward. Please review and I would ask that it be included on the agenda for our next council meeting.

Thanks.....Scott
